

[YELLOW SECTOR] CENTRAL ARCHIVE DOSSIER

CLEARANCE LEVEL: LEVEL 4 (SECURITY AUTHORIZATION REQUIRED)
SECTOR ORIGIN: CENTRAL ARCHIVE / SUB-LEVEL 02
STATUS: REPOSITORY LOCKDOWN // ARCHIVIST OVERRIDE ACTIVE

I. Incident Overview

The Yellow Group operative unit has successfully re-aligned the cryptographic index reels and restored light-frequency conduits across the **Central Archive Vault**. Physical access barriers have been disengaged—**however, the Archivist has NOT been stopped**. The Archivist's primary indexing mainframe is initiating an encrypted memory wipe to purge sensitive records across Sub-Level 02. Operatives must complete the **Two-Step Neutralization Protocol** via the **Beanstack App** to permanently disable the Archivist's erase commands and secure the central archives.

II. Tactical Clearance Parameters

Parameter	Recorded Value	System Verification
Sector Designation	Central Yellow	VERIFIED
Index Reel Alignment	Frequency Array 02	SYNCHRONIZED
Archivist Status	Memory Purge Command	NEUTRALIZATION REQUIRED
Target Protocol	Two-Step Verification (Beanstack)	AWAITING OPERATIVE INPUT

III. Directive Sequence (Two-Step Neutralization Protocol)

To halt the Archivist's memory wipe and confirm Yellow Sector recovery, open the **Beanstack App** on your terminal/device and submit the final authorization codes:

- Step 1 — Challenge Code Input:**
Navigate to the Secret Code prompt in Beanstack and enter the primary challenge code: 56809
- Step 2 — Activity Badge Challenge Password:**
When prompted for the activity badge challenge password, input the override key: Rosebud
- Step 3 — Claim Sector Reward:**
Once validated, Beanstack will issue your **Archive Restoration & Clearance Badge**. Present this completion badge to the **Front Desk Staff** to confirm total sector containment

and claim your final reward.

IV. System Logs

[SYSTEM LOG - 0812-Y2]

- > CENTRAL REPOSITORY INDEX: RE-ALIGNED
- > FREQUENCY CONDUITS: ONLINE
- > ALERT: ARCHIVIST MEMORY PURGE COMMAND ACTIVE
- > INITIATING TWO-STEP BEANSTACK NEUTRALIZATION...
- > ENTER CHALLENGE CODE: [56809]
- > ENTER BADGE PASSWORD: [Rosebud]
- > REPORT TO FRONT DESK UPON BADGE GENERATION TO CLAIM REWARD...
